

Yeppoon Family Practice

Practice Profile

YFP Management Services Trust has provided holistic and accessible high quality health care to the community of the Capricorn Coast since 1975. The practice is owned by seven GPs and operates across three practice locations in Central Queensland:

- Yeppoon Family Practice, 48 Normanby Street, Yeppoon
- The Family Practice (Emu Park), 23 William Street, Emu Park
- Complete Skin Solutions & Specialist Centre, 134 Elphinstone Street, Rockhampton

Our general practices are accredited and are supported by teams of practice nurses, experienced administration staff and a practice manager at each practice site. The business also employs a Business Manager, who is responsible for the growth and development of the practices and services provided. All practices privately bill and are fully computerised, with paperless patient files (Best Practice).

Our patient base is 40,956 and the active patient base is 17,056.

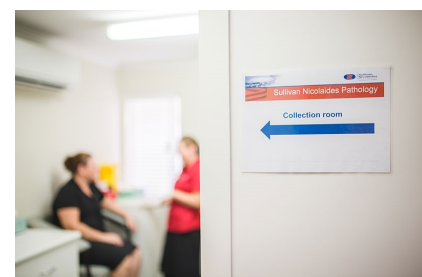

General Practice Workforce

- 18 Doctors (15.8 FTE) work across the 3 practice locations – 13 Fulltime Drs & 5 Part time Drs
- 7 Practice Principals (all working full time), 5 Associate Drs and 6 Registrars
- The practice is currently offering 4.0 FTE registrar placement positions, however there is the capacity to place up to 6.0 FTE
- 9 Chronic Disease Nurses (FTE 4.0) providing care planning and coordinated care arrangement services in coordination with the Drs.
- Coordinated Veteran Care (CVC) Nurse (1.0 FTE)

Services

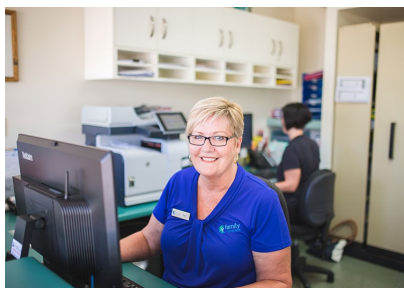

Our practices offer a wide range of medical services for all ages and all health related conditions. Our specialised services include:
